

GradCAS™ extends your institution's reach while improving admissions efficiencies for graduate programs.

GradCAS™ brings graduate admissions offices an improved way to recruit, admit and enroll best-fit students while saving money and headcount each admissions cycle. So you can focus your efforts on building better graduate classes, GradCAS optimizes the admissions process for all stakeholders.

GradCAS offers a single application portal, which benefits **applicants** by:

- **Streamlining the process** for researching and applying to multiple programs of interest.
- **Offering a modern application experience** that guides them through the application process.
- **Providing 24/7 access** to real-time application status updates.

GradCAS adds your school's programs to a global graduate education marketplace, benefiting your admissions office by:

- **Driving awareness of *all* of your graduate programs** through a streamlined application process and communications tools that enable targeted, personalized communications to those interested in your program.
- **Decreasing time to decision** by providing a processing team as an extension of your staff and packaging application components.
- **Simplifying reporting** so you can offer transparency into your process as you balance competing demands for your time and attention.
- **Providing insight into enrollment trends and performance** on your campus through robust analytics tools.

GradCAS benefits **graduate education as whole** by:

- **Collecting and delivering consistent, actionable data** about national, discipline-wide enrollment and recruitment trends.
- **Facilitating enrollment projections** to help guide creation of data-driven recruitment strategies.
- **Creating an opportunity to share best practices** for building a better graduate class, and ultimately a better workforce.
